

## **Six Ps topics for discussion at Stage 1 end**

### **Practical**

- *Achievability*
- *Relevance of the use of ICT*
- *Clear and concise language*

### **Pedagogical use of ICT**

- 1) Has the team been allocated additional resources, for instance, time and money?
- 2) Do you have an ICT specialist or technician at your disposal?
- 3) How would you describe the expertise in your group?

### **Flexible pedagogical framework**

- 1) What is your concept for content?
- 2) What makes it suitable to be implemented as an e-resource?
- 3) What e-resources do you prefer to use to make your students' work more active?

### **Making the T-S-L culture and process visible**

- 1) What media have you used when working on the visiting card and communicating about it during this project?
- 2) What is your experience of Moodle?
- 3) What do you find challenging when a new ICT is presented to you?
- 4) How would you help others to start using new ICT tools?
